# Playtest Report

---

**Project Name**

**Tester Name**

**Survey Link**

**First Time User**

☐

**Build Number**

**Playtest Length**

## Observations

Include any notes you've had while observing the tester play your game. Make sure to include any moments where the tester was particularly confused, frustrated but also when they were particularly emotive or engaged.

## Direct Feedback

Include any notes on direct verbal feedback given by the tester during the playtest session. Make sure to include their opinions as well as the reasoning behind them when possible.

## Reflections

Include here any reflections on how the playtest session went (both good and bad) and potential improvements that can be made to the game, playtest survey or future playtest sessions.
